You

Are Important

You are so important to so many people...

Your Mom and Dad

Your brothers and/or sisters

Your grandparents, aunts, uncles, cousins

Your friends and teachers at school

Your neighbors

And... US

We all want you to be...

Нарру

Healthy

Loved

Safe (what does that mean to you?)

Secure

Protected

We want you to have...

A house to live in with your family

Clothes to wear and keep you warm and cool

Good food to eat to keep you healthy

An education so you can be all you want to be

Good feelings about yourself and how wonderful you are

A doctor and dentist to take care of you

Because you are so important,

And we want you to have all these things...

We need your help to tell us when you don't have or aren't feeling all the things we want for you.

If someone is making you sad because of things they are saying to you or uncomfortable because of things they are doing...either in front of you or to you – tell us so we can help.

If you are sick and need to go to the doctor or dentist but no one will listen or take you - tell us so we can help.

If you don't feel safe when you are with certain people or in certain places – tell us so we can help.

If you can't be at your house, or have clean clothes to wear, or eat good food, or you don't get to take a bath or go to school - tell us so we can help.

All the people who know how important you are will listen to you.

Talking to us is the right thing to do so we can help you.
